About the proprietors: Belinda & Vince Furlonger: We are a husband & wife team who have opened this centre at our home. Belinda is a Registered Nurse & Disability Trainer & Support Worker. Vince has had many years working in the health system and then as a Sales Rep. We aim to provide this service so an enjoyable time is had by everyone who stays. We encourage our clients to join in on all the activities & social outings & everyone is encouraged to have a say in choices of what we do. The house runs like any normal household with everyone helping with chores, learning new skills, communication & socialisation.
